

INVITATION

16-17
NOVEMBER

4th Workshop on Solid Organ Transplantation and Photopheresis: Clinical Evidence and Best Practice Sharing

EUROPEAN SURGICAL INSTITUTE, HAMBURG, GERMANY

You are warmly invited to attend the 4th Workshop on Solid Organ Transplantation that will take place in Hamburg in November 2017.

We hope you will be able to participate in this innovative and exciting event where an international faculty will provide you with a comprehensive review of the clinical evidence in relation to the use of extracorporeal photopheresis (ECP) in the management of solid organ transplant rejection. They will also share their best practice experience in this field and their own case studies of patients who have undergone heart, lung or kidney transplant and been treated with ECP.

The meeting is sponsored by Therakos (UK) Ltd, part of Mallinckrodt Pharmaceuticals as part of our ongoing commitment to the field of Solid Organ Transplantation. Mallinckrodt is a global business that develops, manufactures, markets and distributes specialty pharmaceutical products and therapies. Mallinckrodt is the only provider of integrated systems for the delivery of Extracorporeal Photopheresis (ECP). Visit www.therakos.co.uk.

PROGRAMME FOR DAY 1 - 16TH NOVEMBER 2017

12.00 - 13.00	Arrivals and Registration
13.00 - 13.15	Welcome and Introductions
SESSION 1: Immunological Tolerance - Requirement for Success	
Moderators: Prof. R. Knobler, Vienna, Austria; PD Dr. F. Wagner, Hamburg, Germany	
13.15 - 13.45	Prof. T. Wekerle, Vienna, Austria: Importance of immunological tolerance in Solid Organ Transplantation - the Immunologist view
13.45 - 14.15	Prof. G. Warnecke, Hanover, Germany: Immunologic transplant tolerance - regulatory T cells a predictor of Chronic Lung Allograft Dysfunction?
14.15 - 14.45	PD Dr. M. Barten, Hamburg, Germany: Immunological monitoring in heart transplant patients
14.45 - 15.15	Discussion and Break
SESSION 2: Donor Specific Antibodies - What role do they play?	
Moderators: Prof. R. Knobler, Vienna, Austria; PD Dr. F. Wagner, Hamburg, Germany	
15.15 - 15.45	Prof. R. Hachem, St. Louis, MO, USA: Donor Specific Antibodies after lung transplantation - Therapeutic options?
15.45 - 16:15	Dr. E. Epailly, Strasbourg, France: Impact of Donor Specific Antibodies after heart transplantation - Therapeutic options?
16:15 - 16:45	Discussion and Break
SESSION 3: Inducing tolerance with ECP - Clinical Experience	
Moderators: Prof. R. Knobler, Vienna, Austria; PD Dr. M. Barten, Hamburg, Germany	
16:45-17:15	Dr. M. Greer, Hanover, Germany: ECP after lung transplantation: Data and impact on patient selection
17.15 - 17.30	Dr. P. Björk, Malmö, Sweden: Case Study - ECP in heart transplant patients
17.30 - 18.00	PD Dr. C. Benden, Zurich, Switzerland: 20 years ECP after lung transplant - more than just CLAD
18.00 - 18.15	Discussion
18.15	Transfer to the Hotel
20.30	Dinner

PROGRAMME FOR DAY 2 - 17TH NOVEMBER 2017

SESSION 4: ECP immunomodulation - Early Treatment	
Moderators: Prof. R. Knobler, Vienna, Austria; PD Dr. F. Wagner, Hamburg, Germany	
09.00 - 09.30	Prof. A. Zuckermann, Vienna, Austria: ECP after heart transplantation: Data and opportunities
09.30 - 09.45	Dr. M. Kuzstal, Wroclaw, Poland: ECP as induction treatment after kidney transplantation: impact on Tregs and kidney function
09.45 - 10.00	PD Dr. P. Jaksch, Vienna, Austria: ECP as induction treatment after lung transplantation?
10.00 - 10.30	Discussion and Break
10.30 - 12.00	Breakout Sessions
12.00 - 13.00	Lunch, Farewell and Goodbye
13.15	Transfers back to the airport and main train station
